SUMMARY

As a seasoned Senior Frontend Developer with over 5 years of experience, I have honed my skills in creating intuitive, responsive, and visually appealing web interfaces. My passion lies in transforming complex concepts into user-friendly digital experiences, leveraging a deep understanding of HTML, CSS, JavaScript, and modern frameworks like React and NextJs.

EXPERIENCE

Senior Frontend Developer
ShopTak.dk · Full-time ↗

- Implemented and maintained high-quality, reusable, and scalable frontend code using ReactJS, React Query, Tailwind, Redux, Chakra UI, and NextJS.
- Developed and maintained robust server-side logic using Node.js and MongoDB.
- Implemented RESTful API endpoints to facilitate frontend-backend communication.
- Collaborated with frontend developers for seamless integration with backend services.
- Conducted thorough testing and debugging to ensure code reliability and security.
- Worked with the DevOps team to deploy and scale backend services effectively.
- Conducted code reviews to enforce best practices and maintain high code quality.
- Optimized web applications for fast loading times and a smooth user experience.
